SADDLE RETURN POLICY: In order for our money-back guarantee to be in effect, you must agree to the following: Before riding the saddle watch the All About Saddling Video. When test riding a saddle take the pad off of the saddle and put a thin (no more than 1/2 inch) pad, pillowcase or towel under the saddle to protect the horse against friction and will ensure that the saddle will remain clean from animal contact. Make sure to draw up the pad so that it does not bind the horse's spine. A saddle ordered with silver and or tooling there will be a \$300.00 restocking fee. Questions? 866-723-5937 or 507-276-857. 100% Made in the USA.
